

It couldn't possibly happen. Three homeless girls, cast out and rejected, the sole survivors of a climate apocalypse? It's ridiculous. This is not how the world ends. There's a Plan in place. There are Big Men with Solutions. It's alarmist and frankly irresponsible to suggest otherwise. Don't read this book. In fact, probably best to forget you even read this blurb. Have yourself a great day, everything is going to be just fine.
